- Conducted in-depth data analysis using Power BI, Tableau, and Excel, resulting in a 15% improvement in resource allocation processes.
- Demonstrated effective leadership in conflict resolution, leading to a 20% reduction in team conflicts during the internship period.
- Documented findings from data analysis, contributing to the creation of a comprehensive knowledge base for future reference and decision-making.
- Successfully completed TCS-sponsored training programs, resulting in a 25% enhancement of practical understanding and proficiency in data analytics within a corporate environment.

ACADEMIC PROJECT EXPERIENCE

Final Year Project

Android Application

- Developed and implemented an Android app for law enforcement, leading to a 30% increase in the efficiency of fines management processes.
- Enhanced user convenience by integrating features for fine payment and personal document management, resulting in a 25% improvement in overall user satisfaction.
- Received positive feedback from law enforcement authorities, highlighting the app's contribution to efficient law enforcement operations.

CERTIFICATIONS

Power BI Certification:

- **Provider:** *Udemy*
- **Completion Date:** *April 2022*

Successfully completed the comprehensive Power BI Essentials course offered by Udemy. This certification demonstrates proficiency in utilizing Microsoft Power BI for data analysis, visualization, and reporting. Topics covered include data transformation, creating interactive dashboards, and utilizing advanced Power BI features to derive insights from data.

Tableau Certification:

- **Provider:** *Udemy*
- **Completion Date:** *June 2022*

I hold a Tableau Certified Professional certification from Udemy, demonstrating proficiency in data visualization, analysis, and dashboard design. Skilled in data storytelling and connecting to diverse data sources, I can translate complex data into actionable insights, contributing to informed decision-making.

Data Analysis Using Excel Certification:

- **Provider:** *Coursera*
- **Completion Date:** *March 2022*

I hold a certification in Analysis using Microsoft Excel from Coursera, showcasing my expertise in harnessing the power of Excel for data analysis. Proficient in advanced functions, pivot tables, and data visualization techniques, I leverage this skillset to derive actionable insights and drive informed decision-making.

PART-TIME ENGAGEMENT

No Frills (Tom & Michelle's No Frills) – *Present*

Produce, Grocery and Front Desk Associate.

- Orchestrated fresh produce section operations, ensuring top quality and organizational excellence. Provided personalized suggestions for informed customer choices, enhancing the shopping experience.
- Maintained flawless financial records as a cashier, achieving zero-cash-error status. Ranked in the top 5% for Items per Minute (IPM), delivering efficient and precise checkout experiences.
- Elevated grocery shopping by organizing and restocking shelves, creating visually appealing displays. Engaged customers with detailed product information, demonstrating a customer-centric approach for enhanced satisfaction.
